Pacific Undergraduate to Master's Pathway

Pacific undergraduates who have a GPA of 3.0 can apply up to 6 units of coursework in either MA in Education or in MA in Leadership as part of a pathway degree program. Students in the undergraduate Organizational Leadership or Healthcare Administration and Leadership programs can transfer their leadership capstone into the master's program. Students in other majors can complete up to two LEAD courses as an undergraduate, as part of elective coursework. See the "Program" tab for more information.

Master of Arts in Education

The Master of Arts (MA) in Education requires a minimum of 32 units, of which 18 units must be in courses 200 or above and from the Benerd College, with a Pacific cumulative grade point average of 3.0. Based upon state and federal laws, additional units and requirements may be necessary for those students electing to earn a credential, certification or license along with the graduate degree (e.g., teaching credential, and administration credential). Students interested in earning a credential, certification or license should work closely with their advisor and the credential staff. The requirements of some concentration options may also be guided by external standards that direct completion of specified courses and achievement of specific learning outcomes.

For students entering the Licensed Professional Clinical Counselor (LPCC) track within the Counseling Psychology Concentration (see above). EDUC 201 and EDUC 216 may be taken during the student's senior year at Pacific, which will be counted toward the master's and the bachelor's degree.

For students entering the Accelerated Educator Preparation (AEP) pathway degree program, SPED 225X, EDUC 261, SPED 295E, and EDUC 259 may be taken in lieu of the undergraduate course equivalents. These courses will be counted toward the bachelor's and master's degree and satisfy requirements for the Education Specialist or Multiple Subject teaching credential.
